## COSMODREAMS

### COSMODREAMS' ART BOOK

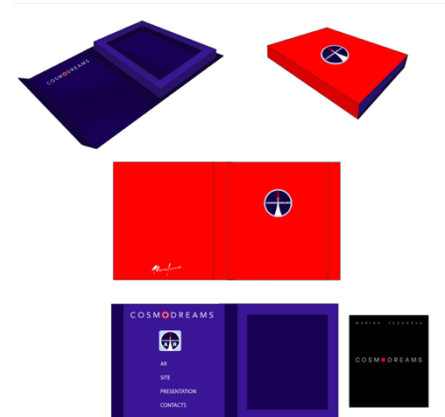

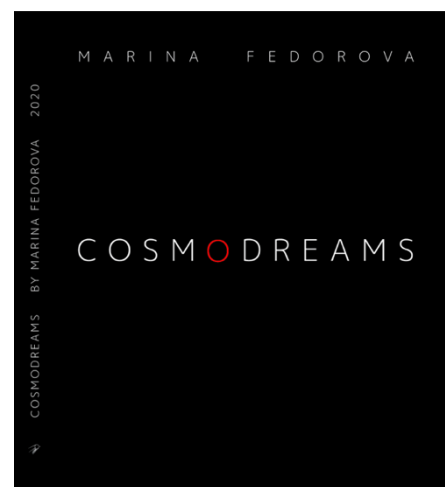

Ms. Marina Fedorova's Solo Show to step beyond the Museum Walls: a dedicated Art Book will contain works not featured in the COSMODREAMS Exhibition.

On 8 September 2020, the Artist Ms. Marina Fedorova will unveil her multifaceted COSMODREAMS Exhibition project. Yet another piece of this impressively complex puzzle, in addition to the exhibition at Erarta, the AR mobile app, and the social media masks, will be a book presenting artworks not featured in the museum show, as well as background information and the Artist's reflections on the future of humanity.

The book's release is timed to coincide with the opening of the Cosmodreams exhibition. It is an insightful encounter of the project and the various thoughts and ideas that prompted Ms. Marina Fedorova to produce a series of space-themed artworks. Covering the entire collection of works created by the Artist for the Cosmodreams project, it will showcase previously unseen paintings, sculptures and art objects, shed light on the mysteries of the Space Art Odyssey video journey, recount the story of creation of a space museum, and even provide its floor plan.

For the viewer's convenience, the book contains directions for using the COSMODREAMS AR application which comes with a complete list of paintings supporting the AR function and a description of various freely available voyage scenarios. The app can be downloaded from AppStore or GooglePlay.

"This art book is a guide to the immense Cosmodreams universe with its broad-ranging visions finding expression in traditional art and new technologies. All its components naturally complement each other, becoming a part of the greater Cosmodreams project," says Ms. Marina Fedorova.

The book will be issued in the English and Russian languages with a print run of 500 copies and available at the Erarta Shop and [cosmodreams.com](http://cosmodreams.com) website.

Exhibition dates: 08.09 – 01.11.2020

Opening hours: 10:00 – 22:00

Venue: Erarta Museum, 5th Floor Exhibitions Wing
