Marina Fedorova stated, "Nature, with its boundless phenomena, provides the basis for my work. Through *Cosmodreams*, I aim to connect cosmic themes with human perspectives, exploring our interactions with the elements and their impact on life."

During the Opening Ceremony on the 6th of January, Marina Fedorova will create artworks in real time using an ink-on-silk technique. The artist will apply ink directly onto silk, combining controlled and spontaneous strokes to form intricate, expressive compositions. This live performance provides visitors the chance to witness the entire process of the artwork's development—from initial mark-making to finished piece—offering a unique insight into the artist's approach and technique.

The *Cosmodreams* project is made possible with the active support of Sputnik Partners, a design house and art platform committed to preserving and promoting cultural and historical heritage.

Fann À Porter Gallery aims to nurture the burgeoning and dynamic contemporary art scene through quality exhibitions, non-profit events, auctions, and an active community program.

Exhibition *Cosmodreams: Elementa* is open to the public daily from January 6 through January 20 at Fann À Porter Gallery, located in The Workshop Dubai, Villa 45, Street 23B, Jumeirah 2, Dubai.
