## ABOUT THE ARTIST

Marina Fedorova, born in Leningrad (present-day St. Petersburg) and now living in Munich, is a contemporary artist of international renown. Marina's artworks were nominated for the prestigious Kandinsky Prize and acquired for the collections of the State Hermitage Museum and the State Russian Museum.

She is the first contemporary artist to create a large-scale integrated art project, the Cosmodreams, which delicately blends painting, sculpture, and digital technology to create unique and multidimensional art experiences. Her works incorporate reflections on the impact of present human behaviour on the future.

Over the past two decades, the artist earned various international awards, and her works were featured in international art auctions, solo and group exhibitions, major art fairs and galleries, including Art Stage Singapore, Art Moscow, Art Paris, Art Monaco, Arte Fiera, Art Vilnius, Kyiv Art Fair, Art Helsinki, Art Marbella, Art Vienna, Erarta Galleries Hong Kong, K35 Art Gallery Moscow, Talented Art Fair London, JINGART Beijing, Art Dubai, and ART021 Shanghai.

## ABOUT COSMODREAMS

Cosmodreams by Marina Fedorova is an immersive art project that merges fine art with digital technology to explore humanity's relationship with space, technology, and the future. It offers a unique space where contemporary art starts a meaningful dialogue with the latest computer technology to express a person's reflections on the present and the future.

Cosmodreams digs deep into the dynamics of the present and future worlds and connects them through art. The viewer is both an observer and a co-constructor of meaning. Cosmodreams is currently touring around the world.

The A.R.M. Holding Children's Programme features artist-led workshops for children aged 5-17 years. With a focus on sustainability, the programme will be led by Kenyan artist Cyrus Kabiru, who will work with participants to retrieve and repurpose everyday materials from their homes and schools, transforming them into works of art.

The first A.R.M. Holding Children's Programme takes place at Art Dubai before expanding to take place in 80 schools - reaching more than 5,000 children across Dubai.

Art Dubai has launched Campus Art Dubai 9.0 Blockchain Edition, a new eight week NFT strand within the fair's education programme. Powered by Materis, the course was led by a host of local and global leading experts in the blockchain and NFT art sector and supported 12 UAE and international artists. They will showcase their works at this year's edition.

'Speculative Links' commissioned by and in partnership with Warehouse421 and Salama Bint Hamdan Emerging Artist Fellowship (SEAF), will also be on exhibit.

Curated by Maryam Al Dabbagh and Mays Alboik, the show presents a selection of works from the fellowship's eight-year tenure. Including painting, textile, video and photography, it will reflect a collective questioning of memory in relation to place, time and a sense of rhythm and repetition.

ART021是亚洲最具活力、最有远见和最具不可替代的艺术博览会之一。今年迎来了它的第十年度展览。马丽娜·费德洛娃积极参与其中，与不同国家的艺术家和机构一起呈现多元化的艺术内容和形式，推动当代艺术行业的发展。本次展览旨在呈现一个微缩版的“宇宙之梦”，借此让观众初步了解整个艺术项目的主要概念。希望观众能够通过ART021展出的六件作品，认识了马丽娜·费德洛娃，开始进入她的“宇宙之梦”世界。
